

# Member Profile Form

In order for your members to call into FFRS, they will need to be added into the FFRS System. This will enable FFRS to know who is calling into the system, as well as allow you to send outbound messages using the eNotify module.

To prepare for your free 60-Day Trial period, simply print this form and hand it out to your personnel. This will enable you to have a profile for each first responder prior to starting your trial period.

**Last Name** \_\_\_\_\_

**First Name** \_\_\_\_\_

**Sign in email \*** \_\_\_\_\_

**Firefighter Rank** \_\_\_\_\_

**EMS Rank** \_\_\_\_\_

**Special Rank (Hazmat, etc)** \_\_\_\_\_

**Home Station** \_\_\_\_\_

**ETA to Home Station (min & sec)** \_\_\_\_\_

**Cell Phone** \_\_\_\_\_

**Phone 2 (optional)** \_\_\_\_\_

**Cell phone service provider** \_\_\_\_\_

\* Please note, a member does not need to be assigned a "Sign in email" if they do not have a need to log into FFRS from a computer. The default option when adding a new member is First Responder Access > Simple Access. This option will enable the member to call into the system to change their status or register themselves as responding to an incident, or to receive eNotify messages.
